## WEB DEVELOPMENT PROJECTS

### Safe Spaces (Front-End Developer)

- A web app for a community of women to support each other and ensure they get home safely at night.

Tools: Ruby on Rails, JS, HTML & SCSS, Algolia, Heroku, Twilio

### Beadaut Blog (Lead Developer)

- A blog app built for Beadaut, that includes a list of blog posts and updates from the company.

Tools: Next.js, React.js, HTML & SCSS, AWS.

### Fam Finder (Project Manager)

- A rental service app clone of Airbnb for renting family members for events and occasions.

Tools: Ruby on Rails, JS, HTML & SCSS, Algolia, Heroku.

## EXPERIENCE

### SUPPLY CHAIN OPERATIONS OFFICER

#### Coca-Cola Hellenic Bottling Company | 2016 - 2018

- Worked within a team that supervised end-to-end daily activities in a warehouse servicing 8 distribution centers.
- Supervised the team to deliver Rack installation and ABC categorization projects, which led to a 20% shorter order processing time and 25% efficiency improvement.

### BUSINESS DEVELOPMENT ASSOCIATE

#### Leadway Pensure PFA LTD | 2014 - 2015

- Worked as part of a team to develop marketing strategies that converted new markets and expanded existing markets, maintaining an above 90% customer satisfaction.
- Achieved over 100% monthly sales target and increased customers' pension contribution and remittance by 15%.
